

# Family Driven Care Learning Community: Partners in Care

October 2020-February 2021

## Overview

Family Driven Care (FDC) is a framework that assists with the understanding that families are the main decision-makers within their lives, and thus the care in which they participate and receive.

In a 5-month Learning Community, organizations were provided trainings and tools to become more family driven regarding policies and practices to improve the involvement, engagement, and improved outcomes of families.

## Evaluation

- Of the OSA's domains, 6 organizations selected Workforce Development to focus their implementation Planning Guide
- 100% believed the LC provided them with information to improve the quality of their work

## Looking Forward

CTAC will launch another rendition of FDC in Fall 2021 to accommodate more organizations, due to high demand.

## Learner Feedback

"It's a great tool for our toolbox and not only work life but personal life as well."

"[The] ability to connect with other organizations and professionals to hear their experience of barriers and how they overcame them [was beneficial]. Being connected to other professionals that have some insight in a challenging area was beneficial."
