

Behavioral Health IT Vendor List

The vendor list below is divided into four different categories of electronic systems: 1) integrated electronic health record systems; 2) non-integrated electronic medical record systems; 3) non-integrated electronic billing systems, and 4) non-integrated electronic prescribing software. The software vendors and product names are listed, along with their respective websites.

PLEASE NOTE: The list below does not represent all possible vendors nor all of the information for vendors and their products. For more information, please contact the vendor(s) directly.

The vendor list below also does not signify an endorsement or recommendation by MCTAC or its partners, the McSilver Institute, New York University, the New York State Office of Mental Health, or Office of Addiction Services and Supports. We strongly suggest providers explore their options and do their own due diligence to determine the vendor(s) that best fit their needs.

Integrated Behavioral Health Electronic Medical Record (EHR) Systems

The following systems contain software capabilities for case documentation (assessments, progress notes, and treatment plans) and practice management (demographic, scheduling, billing, and reporting) among other functionalities.

Software Vendor Company Name	Product Name(s)
Accumedic Computer Systems, Inc. https://www.accumedic.com	AccuMed Behavioral Health EHR, Accumed Revenue Cycle Management (RCM), Accumed EHR Practice Management System (link)
Allscripts and Altera Digital Health https://www.allscripts.com https://www.alterahealth.com	Allscripts (link): Allscripts PM, Enterprise Resource Planning, FollowMyHealth, Melissa Data, Opargo, Payerpath, Practice Fusion, Professional EHR, Allscripts RCMS, Veradigm Altera (link): Sunrise, Paragon, Allscripts TouchWorks, Allscripts Opal, STAR, HealthQuest and dbMotion
Cerner (Oracle Cerner) https://www.cerner.com	Cerner Anasazi, Cerner Millennium, Cerner Integrated Behavioral Health (link)
ClinicTracker https://clinictracker.com	ClinicTracker (link)
Core Solutions Inc. https://www.coresolutionsinc.com	Core Solution Cx360 EHR Platform (link)

Integrated Behavioral Health Electronic Medical Record (EHR) Systems (Cont'd)

Software Vendor Company Name	Product Name(s)
eClinicalWorks https://www.eclinicalworks.com	eClinicalWorks (link)

Welligent (part of the ContinuumCloud) https://www.welligent.com	Welligent EHR (link)

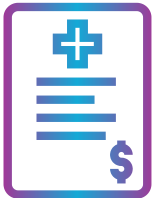

Non-Integrated Behavioral Health Electronic Medical Record (EMR) System

The following system offers capabilities for case documentation as well as limited capabilities for practice management (demographics, scheduling, and reporting). It does not have billing capabilities as part of the product and may require interfacing.

PrecisionCare Software https://precisioncare.com	PrecisionCare (link)
--	--

Non-Integrated Behavioral Health Electronic Billing System

The following system offers limited practice management capabilities and is specialized for revenue cycle management, including processing claims, tracking payments, and reporting. It does not have electronic medical record capabilities as part of the product and can be integrated into existing EMR systems.

Millin Associates LLC https://www.millinmedical.com	MillinPro (link)
---	------------------------------------

Non-Integrated Behavioral Health Electronic Prescribing Software

The following system is specialized for prescription services, including Electronic Prescription of Controlled Substances (EPCS). It does not have electronic medical record or billing capabilities and can be integrated into existing EMR systems.

New Crop LLC https://newcroprx.com	NewCrop eRX (link)
